¹ Rural is defined as those areas not classified as urban. Urban consists of territories, persons, and housing units in: (i) places of 2,500 or more persons incorporated as cities, villages, boroughs, and towns, but excluding the rural portions of "extended cities"; (ii) census designated places of 2,500 or more persons; or (iii) other territories, incorporated or unincorporated, included in urbanized areas.

² The Older Americans Act of 1965 as amended instructs the State Agency on Aging in each State to subdivide the State into planning and service areas (PSAs) and to designate a public or private nonprofit agency as the area agency on aging for the PSA. Most PSAs in multi-PSA States comprise single counties or groups of counties and range in size from 1 to 28 counties.
